

Child's Name: _____

Date: _____

SKILL		RECORD AND SCORE							
Identify:	Uppercase Letters		Name of Letter	Sound of Letter	No reply or not correct		Name of Letter	Sound of Letter	No reply or not correct
	Letter Sounds	M				k			
	Lowercase Letters	P				b			
ADMINISTRATION Ask children to identify all uppercase and lowercase letters, using the following instructions. Note: the letters are not in alphabetical order. 1. Place the Child Letter Identification sheet on the table in front of the child. 2. Ask, "Can you name these letters? Can you say the sounds they make?" 3. Mask the letters with a sheet of paper showing one row of letters at a time. You may want to point to each letter for the child, or let the child point to the letters, naming them. 4. Use the uppercase section for letter and sound identification. If the child does not automatically say the letter name and sound at the same time, let the child name the letters, then ask the child to return to the beginning of the sheet, saying the sound for each letter. 5. Use the lowercase sheet for letter identification. Sound identification on this lower case sheet is optional.		A				f			
		H				h			
		Z				w			
		O				z			
		N				u			
		J				g			
		W				a			
		F				d			
		C				l			
		L				p			
		T				y			
		Y				m			
		B				q
